The Life of Doki S01E01 - Anabella in Russia

at the street

Doki: Hi, Anabella!

Anabella: Fuck you Doki, you're just low-class and un-Spanish!

Gatolla Walker (voiced by Nicole (Australian) from Ivona): I agree

Densal Raveena (voiced by Tamika from VoiceForge): So do I

Sedoro Foulton (voiced by Gwyneth (English, Welsh) from Ivona): Even more

Doki: Erm, Anabella? Why are you acting like this?

Anabella: Because I am a full-blooded Spaniard, as you can tell due to my species

Doki: And who are you girls?

Gatolla: I'm Gatolla

Densal: I'm Densal

Sedoro: And I'm Sedoro

Grace, Densal, Sydney and Anabella go away

Doki: I really have to tell Fico this! *goes to Fico's house*

Fico: Hi, Doki

Doki: Hi, Fico. we need to form a group

Fico: Why?

Doki: Because Anabella's turned rude and faux-Spanish, only likes 3 girls named Grace, Densal and Sydney and has a group consisting of them

Fico: So what are we gonna name our group?

Doki: How about "The Anti-Anabella Club"?

Fico: Great idea!

4 minutes later...

Doki, Fico, Gabi, Oto, Mundi and Anabella

Doki: Hey, Anabella

Anabella: What?

Doki: *takes Anabella's leg and throws her all the way to Russia*

Anabella: Where the fuck am I?

Photographer (resembles a blue version of Ruthie and voiced by Tatyana (Russian) from Ivona): Sore shayne!

Random Person #1: (resembles a mixture of Diana and Rainbow Doki and voiced by Sanna (Finnish) from Acapela): Shayne!

Random Person #2: (resembles Finto and voiced by Kal (Swedish (Gothenburg)) from Acapela): Shayne!

Phlovomite: *pops up from nowhere* Suck my dong now or you're grounded!

Anabella: Fuck you Phlovomite!

Phlovomite: *about to jump out the window, turns out that the photo place is a 100 story tall building*

Anabella: Phlovomite, no! *Phlovomite jumps out the window and she jumps out the window too* Phlovomiiiiiiiiiiiite!

Chris: *inside the building* I wish I'd never taught Phlovomite that word

Random Person #3: (resembles a tall Widenar with a purple shirt and a black hat): *catches Phlovomite and Anabella falling*

Anabella: *speaking in Russian in Alyona (from Acapela)'s voice* *subtitles saying "Thank you for saving me from falling down the building!" appear* Спасибо вам за спасение меня от падения вниз здание!

Random Person #3: *subtitles saying "You're welcome." appear* *voiced by Maxim (Russian) from Ivona* Пожалуйста.

Anabella: *chases Phlovomite and "Ronald Mcdonald insanity" plays in the background*

Phlovomite: *jumps on top of a billboard*

Anabella: *tries to jump on top of the billboard, gets a ladder and climbs up the ladder to the top of the billboard, then she throws Phlovomite to Chris*

Chris: Is that you? Phlovomite? You know you need to stop stalking everyone with that word *Phlovomite flies to Chris and Chris accidentally eats Phlovomite's leg as the song stops playing in the background* *screams* Phlovomite! your leg! I bit it off!

Anabella: That would teach him for stalking me... Now it's time to return to 123 Doki Team

1 hour later...

Doki, Fico, Gabi, Oto, Mundi, Anabella, Gatolla, Densal and Sedoro

Doki: Guess what, Anabella? I made a logo for our group! *shows Anabella the logo which shows Anabella's head with a ban sign symbol in front of it with the text "The Anti-Anabella Club" under it*

Anabella: You call that a logo? It's mierda! That's Spanish for "shit"

Gatolla: I agree

Densal: So do I

Sedoro: Even more

Doki: Okay, well you try

Anabella: *gets some paper and draws Doki's head with a ban sign symbol in front of it with the text "Las Chicas Sol" under it and then shows it to Doki* That means "The Sunshine Girls" in Spanish

Doki: That's the shittiest logo around here! It's all in Spanish! Most residents of 123 Doki Team speak English!

Anabella: But I don't write in English! I'm Spanish!

Reminder

In all episodes, every time Anabella says something in Spanish, her voice changes to Penélope (Spanish, American) from Ivona
